Smooth easy drinking.

DOUBLE RED

Double Red Ale / **ABV 7.4%**

A deep copper/reddish-brown colour with a full caramel-crystal malt and rye malt, giving this beer plenty of character. Bitterness is medium-high to balance the malt character from liberal hop additions of Moutere, Citra and Centennial. The alcohol esters compliment the aroma hops to produce a back ground of ripe stone fruits and floral citrus notes. As it warms toffee and caramel notes can be detected, this beer just keeps on giving.

BARREL AGED STOUT

Stout / **ABV 11.8%**

We took our classic Double Oatmeal Chocolate Stout and left it in Heaven Hill Bourbon casks for 12 months. During that time the ABV rose from 7.3% to 11.8% and the beer took on the qualities of the bourbon. The result is a rich full bodied Stout, laced with Bourbon and Oak, dark chocolate and coffee notes from the roasted malts.
